**PUBLIC SERVICE ANNOUNCEMENT: 60 SECONDS**

**Inspire School Launches the “Build A School They Deserve” Community Campaign**

Inspire School of Arts & Sciences has provided high school students with the unique opportunity to explore and intensively learn in the areas of theatre, music, dance, visual arts, digital media arts, engineering, and science--unlike any other high school in the North State. Inspire is ready for a 21st century **campus** to meet its 21st century **education model**. Over the past ten years, Inspire has been a catalyst for thousands of students in their quest to make their mark on the world. However, the school has been providing this education within the limited walls of mostly aging, dilapidated portable classrooms. That’s why the Inspire School of Arts & Sciences Foundation has launched a capital campaign to kick-off their fundraising efforts for a new and visionary school in Chico, CA. With this goal in mind, the Inspire Foundation and the entire Inspire School of Arts & Sciences team has created the **Build A School They Deserve Campaign** with the goal of raising *\$200,000 in 200 days with community support*. They are offering businesses marketing opportunities for donating directly, matching donations, or creating a fundraising team. In addition, individuals can donate directly or create a team. All sponsors are honored on the foundation website. To learn more or donate, visit [www.SupportInspire.com](http://www.SupportInspire.com).
